SS#2/SCS/SB 727 - This act creates and modifies provisions relating to elementary and secondary education.

MISSOURI EMPOWERMENT SCHOLARSHIP ACCOUNTS PROGRAM (Sections 135.713, 135.714, 135.715, and 166.700)

This act modifies provisions relating to the Missouri Empowerment Scholarship Accounts Program.

The act changes the maximum amount of tax credits that may be allocated in any year from \$50 million to \$75 million. Such maximum amount shall be increased annually by any percentage increase or decrease in the amount appropriated to school districts under the foundation formula. The act repeals a provision that the program shall be effective in any fiscal year immediately following any year in which the amount appropriated for pupil transportation equals or exceeds 40% of the projected amount necessary to fully fund transportation aid funding for fiscal year 2021. (Section 135.713)

The act modifies the scholarship distribution order to qualified students. The first students to receive scholarship funds shall be students who received scholarships in the previous year, followed by students who are siblings of students who are already receiving a scholarship. The act further outlines a distribution order that prioritizes funding to students who receive special education services, students who are eligible for free or reduced price lunch and who reside in an unaccredited or provisionally accredited school district, students who are eligible for free or reduced price lunch, and students who are the children of active duty military personnel who have relocated to Missouri.

The act modifies the total grant amount for students with an individualized education plan (IEP) or limited English proficiency or who receive free or reduced-price lunch. Students with limited English proficiency shall receive no more than 160% of the state adequacy target; students who receive free or reduced-price lunch shall receive no more than 125% of the state adequacy target; and students with an IEP shall receive no more than 175% of the state adequacy target. All other students shall receive a grant amount that does not exceed the state adequacy target.

The act provides that educational assistance organizations shall provide certain data that is currently provided only to the State Treasurer to the Department of Elementary and Secondary Education and the Missouri Empowerment Scholarship Accounts Program Board, as well.

The act requires the State Treasurer to post certain information relating to scholarship recipients, qualified schools, and educational assistance organizations on the Treasurer's website annually. (Section 135.714)

The act repeals a provision that the annual increase to the cumulative amount of tax credits shall cease when the amount of tax credits reaches \$50 million.

If the total contributions to educational assistance organizations exceed \$25 million in any school year, the State Treasurer may certify one additional educational assistance organization to administer scholarship accounts. A maximum of seven, rather than six, educational assistance organizations may have their principal place of business in any one of the counties listed in the act.

The act provides that all laws and regulations that apply to employees of an educational assistance organization shall also apply to the actions of any employees of a private financial management firm while they are conducting work relating to the direct decision-making of the operation of such educational

assistance organization.

HANDLER: Christofanelli

The act modifies membership of the Missouri Empowerment Scholarship Accounts Board by removing the Commissioner of Administration and adding an additional member to be appointed by the members of the board who is an employee of an educational assistance organization and whose responsibilities are directly related to such organization's involvement in the program. The board shall assist the State Treasurer with data collection, collaboration with the Department of Elementary and Secondary Education, and making recommendations to the State Treasurer regarding the promulgation of rules concerning the program. (Section 135.715)

The act modifies the definition of "qualified school" by providing that FPE schools, rather than home schools, shall be qualified to participate in the program.

The act modifies the definition of "qualified student" by including any student who is a resident of this state, rather than only those students who live in a charter county or a city with at least 30,000 inhabitants, and who is not unlawfully present in the United States or a person who gained illegal entry into the United States. Such definition is further modified by including any student who is a member of a household whose total annual income is 300% or less than the income standard used to qualify for free and reduced-price lunch, rather than only those students whose household income is 200% or less than such standard. The definition is also modified by adding siblings of qualified students who received a scholarship in the previous year and will receive a scholarship in the current year. (Section 166.700)

These provisions are similar to SCS/SB 360 (2023), HB 1738 (2024), HB 2104 (2024), and provisions in SB 1391 (2024), SCS/SB 1392 (2024), and HCS/HB 350 (2023).

MINIMUM SCHOOL TERM (Sections 160.011, 160.041, 163.021, 171.028, 171.031, 171.033, 1, and B)

This act establishes provisions relating to the minimum school term.

The act modifies the definition of "school term" by providing that school districts located in charter counties or cities with more than 30,000 inhabitants shall have a school term that consists of at least 169 school days, unless the district has adopted a four-day school week, in which case a school term shall consist of at least 142 school days. (Sections 160.011, 163.021, 171.031, and 171.033)

The act repeals a provision specifying that school districts shall provide a minimum of 522 hours of actual pupil attendance for kindergarten pupils in order to receive state aid. (Section 163.021)

These provisions shall go into effect on July 1, 2026. (Section B)

Beginning in the 2026-27 school year, the act provides that school districts located wholly or partially in charter counties or cities with more than 30,000 inhabitants may adopt a four-day school week only upon a majority vote of the qualified voters of the school district, as provided in the act. (Section 171.028)

The Department of Elementary and Secondary Education shall remit to any school district with a five-day school week an amount equal to 1% for fiscal years 2026 and 2027, or 2% for fiscal year 2028 and all subsequent fiscal years, of such district's preceding year's annual state aid entitlement as calculated in June. For school districts in which one or more charter schools operate, and for all charter schools located in such district, the calculation shall be made prior to any adjustment to the district's or charter school's state aid calculation pursuant to current requirements regarding state aid payments to charter

schools.

HANDLER: Christofanelli

Any funds received pursuant to this provision shall be used by school districts and charter schools exclusively to increase teacher salaries. Any school district or charter school that fails to utilize such funds solely to increase teacher salaries shall have an amount equal to the amount of the funds received withheld from the district's or charter school's state aid payments under current law. (Section 1)

These provisions are similar to SB 784 (2024), HB 1417 (2024), and HB 1828 (2024).

CHARTER SCHOOLS (Sections 160.400 and 160.415)

The act adds all school districts located in Boone County to the list of school districts in which a charter school may be operated by any entity currently authorized to operate a charter school under state law. Provisions of current law that provide for additional state aid to charter schools shall not apply to any charter school operated in Boone County.

All laws and regulations that apply to employees of a charter school shall also apply to the actions of any employees of a charter school management company while such employees are conducting any work relating to the direct decision-making of the operation of the charter school.

LITERACY OF ELEMENTARY SCHOOL STUDENTS (Section 161.239)

This act establishes the "Elementary Literacy Fund" for the purpose of providing grants to school districts and charter schools for home reading programs for children in kindergarten to 5th grade. The General Assembly shall annually appropriate an amount not to exceed \$5 million to the Fund, and the Department of Elementary and Secondary Education (DESE) shall develop a process by which a district or charter school may apply for a grant. Any district or charter school that receives such a grant shall match any funds that are granted.

The act sets forth certain criteria for a home reading program to be considered eligible for a grant from the Fund. Such program's objective shall be to mail books to students' homes that the students select themselves at a reading level with which they are comfortable. The program shall allow for parental engagement, as specified in the act, and shall allow students to select between six and nine new books to keep. The program provider shall provide summary data on the program to the General Assembly and to DESE, and shall further maintain verification that the provider has secured the required matching funds from the district or charter school. The combined total cost of the program, including matching funds from the district or charter school, shall not exceed \$60 per student per semester.

This provision is identical to SB 857 (2024).

MISSOURI COURSE ACCESS AND VIRTUAL SCHOOL PROGRAM (Section 161.670)

Under this act, the average daily attendance of a student who is enrolled full-time in the Missouri Course Access and Virtual School Program shall be calculated by dividing the total number of hours attended in a term by enrolled pupils between the ages of five and 21 years old by the actual number of hours that the program was in session in that term. Such calculation shall be generated by the virtual provider and provided to the host district for submission to the Department of Elementary and Secondary Education. Full-time virtual school students may complete their instructional activities during any hour of the day and during any day of the week. The hours attended for each enrolled pupil shall be documented by the pupil's weekly progress in the educational program according to a process determined by the virtual program and published annually in the virtual program's enrollment handbook or policy. The full-time

SPONSOR: Koenig

HANDLER: Christofanelli

equivalent average daily attendance of summer school students shall be added to the average daily attendance of the following school term.

Host districts that enroll one or more full-time virtual school students shall receive an amount of state aid specified in the act for such students on a monthly basis.

The act provides that students who reside in Missouri may enroll in the virtual program of their choice. Provisions of current law regarding a school district's approval of a student's request to enroll in a virtual program shall not apply to full-time virtual program enrollment.

The act requires host districts to adopt student enrollment policies for full-time virtual students and allows virtual schools to mutually agree with resident and host districts on the services that the resident district might offer, including possible financial reimbursements for those services. For students with disabilities, the enrollment policy shall ensure the development of an individualized education program and related services agreement, as necessary.

The act requires a student's parent or guardian, if the student is not considered homeless, to apply for enrollment directly with the full-time virtual program.

The act specifies that student progress reports to the school district are necessary only for part-time virtual school program enrollees.

A host district may contract with a provider to perform any required services involved with delivering a full-time virtual education.

A full-time virtual school shall provide regular student progress reports to parents or guardians at least four times per school year.

This provision is identical to HB 2287 (2024) and is similar to SB 1375 (2024), SB 780 (2024), HB 827 (2023), SB 921 (2024), and SB 545 (2023).

FAMILY PACED EDUCATION (FPE) SCHOOLS (Sections 161.670, 162.996, 166.700, 167.012, 167.013, 167.031, 167.061, 167.600, 167.619, 210.167, 210.211, 211.031, and 452.375)

The act defines a "Family Paced Education school" or "FPE school" as a school that enrolls any student who participates in the Missouri Empowerment Scholarship Accounts Program and that satisfies certain other criteria relating to instruction. The current definition of "home school" is modified by specifying that a home school shall not enroll any student who participates in such Program, and a home school is not an FPE school. The act applies to FPE schools several provisions of law that currently apply to home schools, including provisions relating to child custody and the licensing of child care providers.

SCHOOL BOARD VACANCIES (Sections 162.471, 162.492, and 162.611)

Under current law, any vacancy on an urban school board shall be filled by special election. Under this act, the remaining members of the board shall fill any such vacancy by appointment until the next school board election.

These provisions are identical to provisions in SB 885 (2024) and HCS/SS/SCS/SBs 411 & 230 (2023) and are substantially similar to provisions in HCS/SS#2/SCS/SBs 4, 42 & 89 (2023), in HCS/SB 155 (2023), in HCS/HB 497 (2023), and in HB 716 (2023).

SPONSOR: Koenig

HANDLER: Christofanelli

Current law also provides that any vacancy that occurs on the City of St. Louis school board outside of the normal election cycle shall be filled by appointment by the mayor for the remainder of the term. Under this act, the City of St. Louis school board shall fill any such vacancy by appointment for the remainder of the term.

This provision is identical to a provision in SB 885 (2024) and to SB 363 (2023) and HB 914 (2023) and to provisions in HCS/SS#2/SCS/SBs 4, 42 & 89 (2023), in CCS/HS/HCS/SS#2/SCS/SB 96 (2023), in HCS/SB 155 (2023), in HCS/SS/SCS/SBs 411 & 230 (2023), in HCS/HB 497, and in HB 716 (2023).

WEIGHTED AVERAGE DAILY ATTENDANCE (Section 163.011)

This act modifies the definition of "weighted average daily attendance" as used in the education funding formula by adding to such definition a weighting factor relating to school district enrollment.

"Membership" is defined in current law as the average number of students enrolled in a school district who attended school at least one day during ten days at the end of January and September.

The act defines "weighted membership" as the current law definition of "membership" multiplied by certain weighting factors relating to the number of students who fall into certain population groups, such as the number of students who receive special educational services above a certain threshold number that is determined in a manner provided for in current law.

Weighted membership shall be included in the calculation of a school district's weighted average daily attendance beginning in the 2026 fiscal year. In 2026, a district's weighted average daily attendance shall be calculated as the sum of 90% of such district's weighted average daily attendance as calculated in current law, plus 10% of such district's weighted membership. The percent of weighted membership included in such calculation shall increase by 10% each year until 2030, when a district's weighted average daily attendance shall be calculated as the sum of 50% of such district's weighted average daily attendance as calculated in current law, plus 50% of such district's weighted membership.

The same modification is made in the calculation of weighted average daily attendance for special school districts.

This provision is similar to SB 1378 (2024).

EARLY CHILDHOOD EDUCATION PROGRAMS OPERATED BY SCHOOL DISTRICTS AND CHARTER SCHOOLS (Section 163.018)

Currently, children between three and five years old who are eligible for free and reduced price lunch and attend an early childhood education program operated by a school district or a charter school may be included in such district's or charter school's calculation of average daily attendance, provided that the total number of such pupils does not exceed 4% of the total number of pupils between 5 and 18 years old who are eligible for free and reduced price lunch and who are included in such district's or charter school's calculation of average daily attendance. This act increases such percentage to 8%.

SMALL SCHOOLS GRANT (Section 163.044)

The act increases the Small Schools Grant appropriation from \$15 million to \$30 million. Of such moneys, \$20 million, rather than \$10 million, shall be distributed to the eligible districts, as described in the act, in proportion to their average daily attendance, and \$10 million, rather than \$5 million, shall be

directed to the eligible districts that have an operating levy for school purposes in the current year in an amount specified in the act.

SCHOOL DISTRICTS' LOCAL EFFORT FIGURES (Section 163.096)

Beginning August 28, 2024, this act requires the Department of Elementary and Secondary Education to recalculate the local effort figure of any school district that, in fiscal year 2005, recorded revenues from intangible taxes, the merchants' and manufacturers' surcharge, and payments in lieu of taxes other than tax increment financing in the district's teacher and incidental funds that caused an elevation of the district's local effort figure. The Department must calculate the amount of state aid such a district would have received had the district placed these revenues in the capital projects fund or the debt service fund for payments subsequent to August 28, 2024.

This provision is identical to SB 1479 (2024) and is similar to SB 272 (2017) and HB 633 (2017).

MINIMUM TEACHER'S SALARY (Section 163.172)

Beginning in the 2025-26 school year, this act increases the minimum teacher's salary from \$25,000 to \$40,000. For teachers with a master's degree and at least ten years of experience, this act increases the minimum salary from \$33,000 to \$46,000 for the 2025-26 school year and further increases such salary by \$1,000 each year until the 2027-2028 school year, when the minimum shall be \$48,000.

In the 2028-29 school year and in all subsequent school years, the minimum teacher's salaries shall additionally be adjusted annually by the percentage increase in inflation, as such term is defined in the act. The State Board of Education shall publish the minimum salaries annually in February beginning in calendar year 2026. Modifications to the minimum salaries shall take effect on July 1 of each calendar year.

The act creates the "Teacher Baseline Salary Grant Fund" and "Teacher Baseline Salary Grant Program" for the purpose of increasing minimum teacher's salaries. The General Assembly may appropriate moneys to the Fund, provided that the total amount appropriated shall not exceed the amount necessary to assist each school district in increasing minimum teacher's salaries as required pursuant to the provisions of the act. School districts may apply to the Department of Elementary and Secondary Education for a grant from the Fund, provided that a grant shall not exceed the amount necessary for a district to increase minimum teacher's salaries as required pursuant to the provisions of the act.

This provision is similar to provisions in HCS/HB 1447 (2024), SB 955 (2024), SB 1163 (2024), and HCS/HB 497 (2023).

COMPULSORY SCHOOL ATTENDANCE (Sections 167.031 and 599.209)

The act provides that a child may be excused from attendance at school if the child is unable to attend school due to mental or behavioral health concerns, provided that the school receives documentation from a mental health professional.

This provision is identical to SB 761 (2024) and SB 122 (2023).

The act also provides that a public school district, public school, or charter school shall not discipline a child for failure to comply with the district's or school's attendance policy, and the parent or legal guardian shall not be deemed to be in violation of the compulsory attendance law, based on such child's

honoring a subpoena to testify in a criminal proceeding, attending a criminal proceeding, or for participating in the preparation of a criminal proceeding.

SCHOOL ATTENDANCE OFFICERS (Section 167.071)

The act repeals a provision authorizing a seven-director school district to appoint a school attendance officer who has the powers of a deputy sheriff and may investigate claims of violations of the compulsory attendance law and arrest truant juveniles without a warrant.

This provision is identical to provisions in SB 819 (2024) and HCS/SS/SCS/SBs 411 & 230 (2023).

RECOVERY HIGH SCHOOLS (Section 167.850)

This act changes the deadline for a school district to submit a proposal to operate a recovery high school from December 1st of the school year preceding the beginning of operation of the recovery high school to July 1st.

This provision is identical to SB 1393 (2024).

TEACHER CERTIFICATION (Section 168.021)

Current law requires candidates for a teaching license to satisfy certain criteria, including obtaining the recommendation of a state-approved, baccalaureate-level teacher preparation program.

Under this act, the Department of Elementary and Secondary Education shall develop an eighteen hour, online teacher preparation program related to subjects appropriate for teachers in different content areas determined by the Department. The Department may contract with an entity skilled in developing online teacher preparation programs or a charitable organization registered in Missouri to develop and maintain the online teacher preparation program. Such entity or charitable organization shall be certified to develop and maintain the program by the Department. An individual with a bachelor's degree may complete the online training program and receive a certificate of license to teach. However, such certificate shall not be accepted by Missouri public schools, but shall be accepted by private schools and private school accrediting agencies.

The act also provides that the State Board of Education shall issue an additional professional subject-area teaching certification for specific content knowledge or for a specialty area to a teaching certificate holder who applies for an additional professional subject-area certification, successfully achieves an acceptable score on the state-approved teacher evaluation system, receives a recommendation from the employing school district, and completes a background check.

This provision is similar to SB 1394 (2024), a provision in HCS/HB 1447 (2024), and a provision in SS/HB 827 (2023).

HARD-TO-STAFF SCHOOLS AND SUBJECT AREAS (Section 168.110)

The act provides that a school board may include differentiated placement of teachers on the salary schedule to increase compensation in order to recruit and retain teachers in hard-to-staff subject areas or schools, as the terms "hard-to-staff schools" and "hard-to-staff subject areas" are defined in the act. No modifications to the identification of hard-to-staff subject areas or schools shall result in the demotion of a teacher in the salary schedule. Each school district that includes differentiated placement of teachers on the district salary schedule shall annually provide to the Department of Elementary and Secondary Education a report containing information outlined in the act.

This provision is identical to a provision in HCS/HB 1447 (2024) and similar to provisions in SB 955 (2024) and SB 1163 (2024), HB 190 (2023), and HCS/HB 497 (2023).

TEACHER EDUCATION PROGRAMS (Section 168.400)

The act repeals provisions of current law that require preservice teacher education programs to include a program of entry-level testing of all prospective teacher education students to be administered by the Commissioner of Education.

This provision is identical to provisions in SB 955 (2024), SB 1163 (2024), HCS/HB 1447 (2024), and HCS/HB 497 (2023).

CAREER LADDER (Section 168.500)

Currently, public school teachers become eligible for the Career Ladder program after two years of public school teaching in Missouri. This act provides that the two year-requirement shall not apply to any member of the Armed Forces of the United States or such member's spouse who has teaching experience in another state and who has transferred to this state.

The act repeals a provision of current law that teachers' Career Ladder responsibilities and career efforts shall be required to occur outside of compensated hours. The act also specifies that teachers may receive Career Ladder admission and stage achievement for certain activities that are not included in the duties that require a teaching certificate under current law.

The act adds serving as a mentor for teachers to the list of activities for which teachers may receive Career Ladder admission and stage achievement.

This provision is identical to a provision in HCS/HB 1447 (2024) and is similar to provisions in SB 955 (2024), SB 1014 (2024), and SB 1163 (2024).

PSRS/PEERS - WORKING AFTER RETIREMENT LIMITS (Sections 169.560 and 169.660)

Currently, a retired member, except for those retired due to disability, of the Public School Retirement System ("PSRS") may work after retirement in a certified position with a covered employer without discontinuance of his or her retirement benefits if the member does not exceed 550 hours of work each school year and 50% of the annual compensation to the person who last held the position. This act provides that the member, including those retired due to disability, may earn up to 50% of the annual compensation to the person who last held the position or 50% of the limit set by the employer's school board for the position which has been submitted and approved by the Board of Trustees of PSRS.

Additionally, current law provides that if a member of PSRS or the Public Education Employee Retirement System ("PEERS") is in excess of the limitations, the member shall not be eligible to receive the retirement allowance for any month so employed. This act provides that either member shall not be eligible to receive the retirement allowance for any month so employed or the retirement system shall recover the amount earned in excess of the limitations, whichever is less.

These provisions are similar to SB 1286 (2024).

SUICIDE PREVENTION IN GRADES 7-12 (Section 170.048)

This act modifies provisions of current law that require suicide prevention information to be printed on the identification cards of public school students in grades 7-12. Beginning July 1, 2025, the act adds

SPONSOR: Koenig

to such information the non-emergency phone number of the local police department. The identification cards may also include the phone number of the Crisis Text Line and the phone number of a local suicide prevention hotline, if such hotline is available.

This provision is identical to a provision in SB 762 (2024).

TEACHER RECRUITMENT AND RETENTION STATE SCHOLARSHIP PROGRAM (Section 173.232)

The act changes the name of the "Urban Flight and Rural Needs Scholarship Program" to the "Teacher Recruitment and Retention State Scholarship Program." The corresponding state treasury fund is also renamed accordingly.

The act provides that scholarship funds may be used to cover up to 100% of the tuition costs related to teacher preparation at a four-year college or university located in Missouri, except that no amount granted for tuition shall exceed the amount of tuition charged a Missouri resident at the University of Missouri-Columbia for attendance.

The number of years a student may receive a scholarship is reduced from four to two years. The number of students who may receive a scholarship is increased from 100 to 200 in the 2025-26 academic year, or a maximum awarded amount of \$1.2 million dollars. The act further increases the maximum number of scholarships or the maximum awarded amount for each year through the 2030-31 academic year, when the maximum shall be 600 scholarships or a maximum awarded amount of \$3.4 million, as provided in the act.

Scholarship recipients after June 30, 2025, shall sign a statement that they have made a good faith effort to secure all available federal sources of grant funding.

The act repeals a provision that a student must have attended a Missouri high school in order to be eligible for a scholarship.

To be eligible for a scholarship, recipients shall sign an agreement to teach in a Missouri public school that is a hard-to-staff school or to teach at least one hard-to-staff subject area in a Missouri public school, or both, for two years for every one year the recipient receives a scholarship. The act defines a "hard-to-staff school" as an attendance center where the percentage of certificated positions that were left vacant or were filled with a teacher not fully qualified in the prior academic year exceeds 10% as reported to the Department of Elementary and Secondary Education. A "hard-to-staff subject area" is defined as a content area for which positions were left vacant or were filled with a teacher not fully qualified in the prior academic year.

The scholarships provided in the act shall be available to students who have successfully completed 48 credit hours at a community college, who have been awarded an associate degree, or who have completed 60 credit hours at a four-year college, as provided in the act.

The act modifies the interest rate paid by scholarship recipients who do not follow through on their agreement to teach in a hard-to-staff subject or school and must therefore repay their scholarship award as a loan.

An individual who has qualified as an eligible student under the act shall continue to qualify as an

eligible student as long as he or she remains employed by the school district in which he or she agreed to teach, regardless of whether his or her employing school no longer qualifies as a hard-to-staff school, the class he or she teaches longer qualifies as a hard-to-staff subject area, or his or her position within the school district changes.

This provision is identical to a provision in HCS/HB 1447 (2024) and is similar to provisions in SB 955 (2024) and SB 1163 (2024) and to SB 1013 (2024), and is substantially similar to a provision in HCS/HB 497 (2023) and to HCS/HB 809 (2023).

SS/SB 802 - This act establishes the "Missouri Rural Access to Capital Act", which provides a tax credit for certain investments made in businesses located in rural areas in this state.

This act allows investors to make capital investments in a rural fund, as defined in the act. Such investors shall be allowed a tax credit for a period of six years beginning with the year the investor made a capital investment. The tax credit shall be equal to a percentage of the capital investment. The percentage shall be zero for the first two years, and fifteen percent for the subsequent four years. Tax credits issued under the act shall not be refundable, but may be carried forward to any of the five subsequent tax years, as described in the act. No more than \$16 million dollars in tax credits shall be authorized in a given calendar year.

A rural fund wishing to accept investments as capital investments shall apply to the Department of Economic Development. The application shall include the amount of capital investment requested, a copy of the applicant's license as a rural business or small business investment company, evidence that the applicant has made at least \$100 million in investments in nonpublic companies located in counties throughout the United States with a population less than fifty thousand, evidence that the applicant has made at least \$30 million in investments in nonpublic companies located in Missouri, and a business plan that includes a revenue impact statement projecting state and local tax revenue to be generated by the applicant's proposed qualified investments, as described in the act. The rural fund shall also submit a nonrefundable application fee of \$5,000.

The Department shall grant or deny an application within sixty days of receipt. The Department shall deny an application if such application is incomplete or insufficient, if the revenue impact assessment does not demonstrate that the business plan will result in a positive economic impact on the state over a ten year period, or if the Department has already approved the maximum amount of capital investment authority.

Rural funds shall use capital investments made by investors to make qualified investments, as defined in the act, in eligible businesses. An eligible business is a business that, at the time of the qualified investment, has fewer than two hundred fifty employees, has its principal business operations in the state, is not an alien, foreign entity, or foreign government, and is engaged in certain industries, as described in

the act.

The Department may recapture tax credits if the rural fund does not invest sixty percent of its capital investment authority in qualified investments within two years of the date of the capital investment, and one hundred percent of its capital investment authority within three years, if the rural fund fails to maintain qualified investments equal to ninety percent of its capital investment authority in years three through six, as described in the act, if prior to exiting the program or thirty days after the sixth year, the rural fund makes a distribution or payment that results in the fund having less than one hundred percent of its capital investment authority invested in qualified investments, or if the rural fund violates provisions of the act.

Rural funds shall submit annual reports to the Department, including the name and location of each eligible business receiving a qualified investment, the total number of new jobs, maintained jobs, new payroll, maintained payroll, new revenue, and maintained revenue by each eligible business receiving a qualified investment, a revenue impact assessment projecting state and local tax revenue generated and projected to be generated, and any other information required by the Department, as described in the act.

At any time after the sixth anniversary of the capital investment, a rural fund may apply to the Department to exit the program. The Department shall respond to such application within fifteen days. At the time a rural fund exits the program, it shall be required to make a distribution to the state, not to exceed ten percent of the amount of tax credits received, if the amount of state and local tax benefits generated by the rural fund's qualified investments are less than the amount of tax credits distributed to the rural fund.

These provisions shall sunset on August 28, 2030, unless reauthorized by the General Assembly.

The Regulatory Relief Office shall maintain a web page on the Department's website that invites residents and businesses to make suggestions regarding regulations that could be modified or eliminated to reduce the regulatory burden of residents and businesses in the state. (Section 620.3905)

The Regulatory Relief Office shall be responsible for evaluating and approving or denying applications to participate in the Sandbox Program. An applicant shall submit an application along with a \$300 application fee to the Regulatory Relief Office, which shall include contact information and a description of the innovative offering to be demonstrated, including statements regarding how the innovative offering is subject to licensing, legal prohibition, or other authorization requirements outside of the Sandbox Program; each regulation that the applicant seeks to have waived or suspended while participating in the Sandbox Program; how the innovative offering would benefit consumers; and what risks might exist for consumers who use or purchase the innovative offering, as described in the act.

No later than fifteen business days after the day on which a completed application is received by the Regulatory Relief Office, the Office shall review the application and refer the application to each applicable agency, as defined in the act, that regulates the applicant's business. No later than sixty days after the day on which an applicable agency receives a completed application for review, the applicable agency shall provide a written report to the Sandbox Program director with the applicable agency's findings, including any identifiable, likely, and significant harm to the health, safety, or financial well-being of consumers and Missouri's environment that the relevant regulation protects against, and a recommendation to the Regulatory Relief Office that the applicant either be admitted or denied entrance into the Sandbox Program. The Advisory Committee shall be composed of eleven members, as described in the act. The Advisory Committee shall advise and make recommendations to the Regulatory Relief Office on whether to approve applications to the Sandbox Program, and may meet at its own discretion to override a decision of the Regulatory Relief Office on the admission or denial of an applicant to the

Upon approval of an application, a sandbox participant shall have twenty-four months after the day on which its application was approved to demonstrate the innovative offering described in the sandbox participant's application. During such period, the sandbox participant shall be exempt from the regulations outlined in an agreement entered into with the Regulatory Relief Office. Innovative offerings shall only be available to consumers who are residents of this state, and no regulation shall be waived or suspended if such waiver or suspension would prevent a consumer from seeking restitution in the event that the consumer is harmed. A sandbox participant shall not be subject to prosecution or administrative penalty for a violation of any regulation that is waived or suspended during the duration of the participant's demonstration period. (Section 620.3920)

Prior to demonstrating an innovative offering, a sandbox participant shall disclose certain information to consumers, as described in the act. (Section 620.3925)

At least forty-five days prior to the end of a participant's demonstration period, the participant shall notify the Regulatory Relief Office that it either intends to exit the Sandbox Program or that it seeks an extension. The Regulatory Relief Office may grant an extension not to exceed twelve months, and a participant may seek multiple extensions. If a demonstration includes an innovative offering that requires ongoing services or duties beyond the two-year demonstration period, the participant may continue to demonstrate the offering, but shall be subject to all regulations that were waived or suspended as part of the Sandbox Program, provided that any participant that receives an extension to the demonstration period shall not be subject to the waived or suspended regulations until after the end of the extended demonstration period.

A sandbox participant shall retain certain records for a period of two years after exiting the Sandbox Program.

The Regulatory Relief Office shall establish quarterly reporting requirements for each participant.

No later than forty-five days after a sandbox participant exits the Sandbox Program, such participant shall submit a written report describing an overview of the demonstration. No later than thirty days after receiving such report, an applicable agency shall provide a written report to the Regulatory Relief Office that describes any statutory or regulatory reform the applicable agency recommends. Reinsurance contracts held by the insurers placed in conservation or rehabilitation proceedings or liquidation shall be continued or terminated as provided in the contract and as specified in the act. Reinsurance contracts terminated pursuant to an order of liquidation shall be subject to mandatory negotiation and arbitration procedures specified in the act. (Section 375.1183.1-2).

A guaranty association may elect to assume the liquidated insurer's rights and obligations under reinsurance contracts within 180 days of the order of liquidation as specified in the act. To facilitate this decision, the receiver and each affected reinsurer shall make available copies of reinsurance contracts and related files and records, as well as notices of any defaults under the contracts or any known event or condition which could become a default. (Section 375.1183.3(1)-(2)).

The act further specifies rights and duties of the guaranty association and reinsurers under the reinsurance contracts assumed by the guaranty association, including with regard to premium payments, payment of claims, resolution of disputes over amounts due, and termination or continuation of the contracts. (Section 375.1183.3(3)).

If a receiver continues policies of life or health insurance or annuities issued by an insolvent insurer, and the policies are not covered in whole or in part by a guaranty association, the receiver may elect to assume the liquidated insurer's rights and obligations under reinsurance contracts relating to the policies or annuities within 180 days of the order of liquidation as specified in the act, provided the contracts have

not been terminated. In this event, premiums for the applicable reinsurance shall be chargeable against the estate of the insolvent insurer. (Section 375.1183.4).

Between the order of liquidation and the time a guaranty association elects to assume the insolvent insurer's rights and obligations under a reinsurance contract as specified in the act, a guaranty association, receiver, or reinsurer shall not have any right or obligation under any reinsurance contract eligible for assumption under the act. (Section 375.1183.5).

If the guaranty association or receiver does not timely elect to assume a reinsurance contract as provided in the act, the reinsurance contract shall be terminated retroactively, effective as of the date of the order of liquidation, and shall be subject to mandatory negotiation and arbitration procedures specified in the act. (Section 375.1183.6).

When policies or annuities, or the obligations of the guaranty association under the policies or annuities, are transferred to an assuming insurer, associated reinsurance may be transferred to the assuming insurer as well, subject to certain limitations specified in the act. (Section 375.1183.7).

This act shall supercede provisions of law or any affected reinsurance contract with regard to payment of reinsurance proceeds for losses or events occurring after an order of liquidation. (Section 375.1183.8).

When a reinsurance contract is terminated pursuant to the Insurers Supervision, Rehabilitation and Liquidation Act, the reinsurer and the receiver shall commence mandatory negotiation and arbitration procedures laid out in the act. (Section 375.1183.9).

This act shall be construed consistent with the existing power of the Missouri Life and Health Insurance Guaranty Association to assume the rights of insolvent insurers under reinsurance contracts. (Section 375.1183.11).

These provisions are identical to SCS/SB 834 (2024), and substantially similar to provisions in HB 2440 (2024).

ASSIGNMENT OF INSURANCE BENEFITS (Section 376.427)

This act subjects certain payments to health care providers to the prompt pay statute, and provides that entities not currently subject to the prompt pay statute shall "have a delayed effective date of January 1, 2026 to be subject to such provisions".

These provisions are similar to HB 2400 (2024) and identical to provisions in HB 2075 (2024).

METHODS OF REIMBURSEMENT TO HEALTH CARE PROVIDERS (Section 376.1345)

Currently, if a health carrier initiates or changes the method used to reimburse a health care provider to a method that requires the provider to pay a fee or remit some other form of remuneration, the carrier must notify the provider of the cost, provide clear instructions as to how to select an alternative payment method, and use that alternative method if requested by the provider. This act requires the health carrier or entity acting on its behalf to first receive approval from the health care provider before reimbursing the health care provider with such payment method. If a health carrier is currently reimbursing a health care provider with a payment method, the health care provider can send one notice to the health carrier for all the health care provider's patients covered by such health carrier stating that the health care provider declines to be reimbursed with a payment method. The notice will remain in effect for the duration of the

contract unless the health care provider requests otherwise. All payments made by the health carrier to the health care provider after receipt of the notice declining to be reimbursed with a payment method cannot require the health care provider to pay a fee, discount the amount of the provider's claim for reimbursement, or remit any other form of remuneration in order to redeem the amount of the provider's claim for reimbursement.

The act voids agreements between the Department and mutual insurers as to additional Department authority, but benefits, allowances, and concessions granted to the insurers shall remain in effect for the duration of the agreements.

The act further enacts provisions relating to reinsurance requirements and corresponding filings with the Department, Department review of proposed mergers between mutual insurance companies, and examinations of mutual insurance companies by the Department.

Lastly, the act describes when a mutual insurance company is considered "insolvent", and specifies that mutual insurance companies shall be subject to the Insurers Supervision, Rehabilitation, and Liquidation Act with the exception of certain provisions, and shall be subject to other provisions pertaining to the commencement of court proceedings by the Director of the Department of Commerce and Insurance.

This act creates the "Commercial Financing Disclosure Law". Under this act, any person who consummates more than 5 commercial financing transactions, as defined in the act, to a business located in this state in a calendar year is required to make certain disclosures to the business with regard to the transaction. Specifically, the provider is required to disclose the following:

- The total amount of funds provided to the business under the terms of the commercial financing transaction;
- The total amount of funds disbursed to the business under the terms of the commercial financing transaction, if less than the total amount of funds provided, as a result of any fees deducted or withheld at disbursement and any amount paid to a third party on behalf of the business;

- A statement of whether there are any costs or discounts associated with prepayment of the commercial financing transaction including a reference to the paragraph in the agreement that creates the contractual rights of the parties related to prepayment.

The act requires registration with the Division of Finance prior to engaging in business as a broker for commercial financing. Specifically, the act requires filing a registration form, submitting a fee of \$100, and obtaining a surety bond in the amount of \$10,000. A registration renewal is required every year, not later than January 31st.

Violations of these provisions are punishable by a fine of \$500 per incident, not to exceed \$20,000 for all aggregated violations. Any person who violates any provision of this act after receiving written notice of a prior violation from the Attorney General shall be punishable by a fine of \$1,000 per incident, not to exceed \$50,000 for all aggregated violations arising from the use of the transaction documentation or materials found to be in violation of this act.

Violation of any provision of these provisions does not affect the enforceability or validity of the underlying agreement.

This act does not create a private cause of action against any person or entity based upon noncompliance with this act.

This act additionally provides that all property, except for written financial obligations, written guarantees, or secure or unsecured transactions, held in a qualified spousal trust shall continue to be immune and exempt from attachment during the life of the surviving settlor to the extent that the property was held in a qualified spousal trust prior to the death of the first settlor and remains in a qualified spousal trust. SS/HB 2062 - This act modifies provisions relating to the use of real property.

PROTECTING MISSOURI'S SMALL BUSINESS ACT

This act establishes the "Protecting Missouri's Small Businesses Act" which provides that any political subdivision that implements any shutdown order and the business closes solely due to such shutdown order for at least 14 consecutive days or 30 cumulative days shall waive the fee for a business license during the period of the shutdown order and reduce the real and personal property tax liability of the business as provided in the act. This act is not an exemption of property from taxation and any action taken by a political subdivision that results in a refund or revenues lost shall be construed as an exercise of the political subdivision's authority to levy and collect local tax revenues. (Section 44.251)

This act is identical to HB 2874 (2024) and is substantially similar to HCS/HB 1263 (2023).

ELECTRIC VEHICLE CHARGING STATION REQUIREMENTS

The act provides that any political subdivision that adopts an ordinance or regulation that requires installation of electric vehicle charging stations shall pay all costs associated with the installation, maintenance, and operation of such stations. No political subdivision shall adopt any ordinance or regulation that requires more than five such stations per parking lot, or infrastructure for future installation of more than five such stations per parking lot. Such ordinances and regulations shall only

HANDLER: Trent

apply to parking lots with more than thirty parking spaces.

The act shall not prohibit private entities from paying for the installation, maintenance, and operation of electric vehicle charging stations. (Section 67.288)

The act is substantially similar to HCS/HB 1511 (2024), SB 1172 (2024), HCS/HB 184 (2023) and similar to HB 1584 (2022) and SB 233 (2023).

PROPERTY TAXES

This act authorizes a county or municipality to adopt a resolution to collect delinquent taxes pursuant to the Land Tax Collection Law, currently only applicable to charter counties and Clay and Buchanan Counties. (Section 140.010, 141.220 and 141.230)

This act allows a county collector to preclude a prospective bidder from participating in the sale of lands with delinquent taxes if such prospective bidder is delinquent on his or her property tax payments. (Section 140.190)

This act provides that the state and other taxing authorities and lienholders shall be foreclosed from any unclaimed right, title, interest, claim, or equity of redemption in or to the land and of any lien upon the land upon the expiration of the right to redeem. (Section 140.420)

Current law provides for salaries to be paid to land tax attorneys and delinquent land clerks appointed by the county collector. This act provides that such compensation shall be determined by the collector. (Section 141.320 and 141.330)

Current law requires certain information to be listed in a petition for the foreclosure of a tax lien. This act adds certain identifying information of the petitioners and any person with a legal interest in the parcel of land affected by the suit. The collector shall prepare and send by first-class mail a copy of the petition within thirty days after the filing of the petition to the occupant of the parcel. (Section 141.410, 141.440, and 141.500)

This act requires a collector to obtain a title search for all conveyances, liens, and charges against the real estate involved in a delinquent tax sale, and requires a sheriff to meet certain notice requirements prior to the sale. (Section 141.520)

This act modifies provisions relating to the procedure of selling delinquent property, including the date of sales for partial opt-in counties, requiring a nonreimbursable \$200 bidder fee, and a requirement that prospective bidders submit an affidavit attesting that such bidder meets all statutory requirements. No person shall be eligible to bid unless the person has demonstrated to the satisfaction of the applicable official that the person is not the owner of any real property with two or more violations of the municipality's building or housing codes. (Section 141.550)

This act requires a court to hold a hearing to confirm or set aside a foreclosure sale within six months after the sheriff sells any parcel of real estate. The court's judgment shall include a finding that adequate notice was provided. This act allows the proceeds of a land sale in partial opt-in counties to be distributed to the school fund for the county, and also allows a county to allocate a portion of its share of proceeds to a fund for the purposes of defending against claims of insufficiency of notice. (Section 141.580)

This act changes the title of the "Land Bank Act" to the "Chapter 140 Land Bank Act" and authorizes St. Louis County and any municipality with more than 1,500 inhabitants and not located in St. Louis County to establish a land bank. (Section 140.980 to 140.981)

The act requires any county establishing a land bank agency to appoint members to a board of directors, as described in the act. (Section 140.982)

A land bank agency may condition the sale of a property by requiring the purchaser to make certain improvements to the parcel. (Section 140.987)

A county that has established a land bank agency may collect a fee for the collection of delinquent and back taxes in an amount up to five percent of all collections, which shall be paid to the land bank agency. (Section 140.988)

This act authorizes the governing body of the county or municipality establishing a land bank agency to issue bonds, as described in the act. (Section 140.994)

This act applies conflict of interest provisions to members of a land bank agency board in addition to employees of the land bank agency. (Section 140.1000)

This act authorizes any municipality located wholly or partially within an opt-in county to establish a land bank pursuant to current provisions of law that apply only to the city of St. Joseph. (Sections 141.980 to 141.1009)

Ten percent of such rehabilitation costs may be incurred for investigative assessments and building stabilization prior to the submission of an application.

The act authorizes a tax credit for the rehabilitation of property that is in a qualifying county, as defined in the act, equal to 35% of the total costs of rehabilitation incurred on or after July 1, 2024. A qualifying county shall be a county that is not within the city of Kansas City or the city of St. Louis.

The act provides that state historic rehabilitation standards shall not be more restrictive than the Secretary of the Interior's Standards for Rehabilitation.

Tax credits authorized for a single-resource certified historic structure of more than one million gross square feet with a Part I approval or on the National Register prior to January 1, 2024, and that are eligible for at least \$60 million in tax credits shall accrue against the aggregate amount of tax credits that may be authorized in a fiscal year over a period of six years in six equal increments.

Current law prohibits not-for-profit entities from receiving historic preservation tax credits. This act authorizes such entities to receive such tax credits.

This act requires the Department of Economic Development to establish an application cycle that allows for the year-round submission and year-round receipt and review of such applications.

Current law requires an application for tax credits to include proof that the property is an eligible property and a certified historic structure or a structure in a certified historic district. In lieu of such requirement, this act allows proof that part 1 of a federal application or a draft national register of historic places nomination has been submitted to the State Historic Preservation Office.

This act requires the Department, when evaluating an application, to consider the estimated number of housing units created by the project, the estimated number of construction and professional jobs associated with the project, capital improvements created by a project, and increased revenues from sales or property taxes. Historic schools and theaters, as defined in the act, and projects receiving less than \$475,000 in tax credits, as adjusted annually for inflation, are exempted from such requirements.

The State Historic Preservation Office shall determine whether a rehabilitation satisfies the required standards within sixty days of the filing of an initial application for tax credits and such determination shall be based upon evidence as described in the act, and, if approved, shall forward the application to the National Park Service within sixty days.

If the scope of a project that has been approved materially changes, the taxpayer shall be eligible to receive additional tax credits in the year in which the Department is notified of and approves of such change in scope, as described in the act.

Current law requires submission of evidence of the capacity of the applicant to finance rehabilitation costs and expenses within sixty days of approval. This act changes such requirement to one hundred twenty days.

Current law requires a taxpayer receiving approval for tax credits to commence rehabilitation within nine months of approval. This act changes such date to twenty-four months from approval. Taxpayers shall notify the Department of the loss of site control within ten days of such loss. The act allows a taxpayer to forfeit approval of tax credits at any time.

Current law requires taxpayers to submit an application for final approval of tax credits. This act provides that final approval shall be shown by either approval of the State Historic Preservation Office or an approved part 3 federal application. The act requires the Department to issue tax credits to the taxpayer within seventy-five days of receipt of the application, as described in the act.

An applicant may appeal any official decision relating to the application submitted by the applicant, as described in the act. (Sections 253.544 to 253.559)

A homeowner's association, as defined by law, may adopt reasonable rules, subject to applicable statutes or ordinances, regarding ownership or pasturing of chickens, including a prohibition or restriction on roosters. (Section 442.404)

This provision is identical to SB 985 (2024) and is similar to HB 1514 (2024), HCS/HB 2206 (2024), and SB 400 (2023).

UNLAWFUL OCCUPATION OF REAL PROPERTY

HYDRANT INSPECTION PROGRAM

Currently, all community water systems are required to create a hydrant inspection program which includes annual testing of every hydrant of such community water systems. This act repeals the annual testing requirement and provides for a scheduled testing of hydrants. (Section 640.144)

This act is identical to SB 982 (2024), SB 629 (2023), HB 891 (2023) and a provision in HCS/SB 275 (2023).

HB 2111 - This act modifies the authority of the State Auditor.

AUDITS BASED ON IMPROPER GOVERNMENTAL ACTIVITY (Sections 29.225 and 610.021)

The act allows the State Auditor, or his or her authorized representatives, to audit all or part of any political subdivision or other governmental entity if, after an investigation of the political subdivision or governmental entity, or its officers or employees, the Auditor believes an improper governmental activity has occurred. An audit may also be conducted by the Auditor when requested by a prosecuting attorney, circuit attorney, or law enforcement agency as part of an investigation of an improper governmental activity. Records relating to reports of allegations of improper governmental activities are permitted to be closed under the Sunshine Law.

SUBPOENA POWER (Section 29.235)

Insofar as necessary to conduct an investigation, the act allows the Auditor or the Auditor's authorized representatives to have the power to subpoena witnesses, to take testimony under oath, to cause the deposition of witnesses residing within or without the state to be taken in a manner prescribed by law, and to assemble records and documents, by subpoena or otherwise. The subpoena power shall be exercised in the same manner as permitted in the course of conducting an audit under current law.

RESULTS OF AUDITS OF INSURANCE FUNDS (Section 374.250)

Current law requires the State Auditor to audit, adjust and settle all receipts and disbursements in the Insurance Dedicated Fund and the Insurance Examiners' Fund, and certain taxes certified or collected on foreign and domestic insurance premiums, surplus line premiums, and county taxes on the property owned by insurance companies in the state. This act repeals the requirement with respect to the taxes certified and collected and additionally requires the results with respect to the Insurance Dedicated Fund and the Insurance Examiners' Fund to be reported as part of the annual audit of the state's financial statements.

SS/SCS/HCS/HBs 2134 & 1956 - Under the act, any land application of industrial wastewater, industrial wastewater treatment sludge, and related process wastes, excluding certain animal agricultural wastes, shall be subject to a nutrient management technical standard, including a phosphorus index, as described in the act. Sampling results shall be sent to the Department of Natural Resources. This provision shall not apply to land application conducted in compliance with a land application management plan approved by the Department.

The Clean Water Commission may exempt an entity from the requirement to obtain a fertilizer permit only if the entity is producing products that are commercially sold to an end user and have accurate labeling for each container.

Entities currently storing combined bulk fertilizers in storage basins shall not be exempt from any design requirements for agrichemical facilities established by rule when constructing new agrichemical facilities.

In order to receive an operating fertilizer permit, any point source or operating location seeking an operating permit for a commingled offsite industrial wastewater or wastewater residuals open storage basin or open storage vessel shall meet current design requirements for a wastewater treatment facility's design capacity.

The Department of Natural Resources shall require at least, but no more than, specific buffer distances between the nearest commingled offsite industrial wastewater or wastewater residuals open storage basin and any public building or residence as described in the act, from which a written agreement for operation shall be obtained. Requirements for the written agreement are described in the act.

The Department shall require groundwater monitoring on a site-specific basis when, in the determination of the Division of Geological Survey, the commingled offsite industrial wastewater and wastewater residuals open storage basin or open storage vessel is located in proximity to a geological feature that increases the likelihood of groundwater contamination.

The Department shall establish by rule sampling requirements for commingled offsite industrial wastewater and wastewater residuals open storage basins or open storage vessels based on permitted materials. The Department shall, within 60 days of the effective date of the act, begin the rulemaking process, which will include creating a chain of custody record form to be used by all parties during the handling of testing samples, and establish criteria to require annual sampling and testing of any contents of any commingled offsite industrial wastewater or wastewater residuals open storage basin or open storage vessel, as described in the act. Testing shall be done by a third-party certified laboratory and results of the testing shall be sent to the Department by the laboratory annually.

The act creates new definitions for "agrichemical facility", "open storage basin", "open storage vessel", and "operating location".

The act contains an emergency clause.

MISSOURI EMPOWERMENT SCHOLARSHIP ACCOUNTS PROGRAM (Section 135.713)

The act makes technical modifications to provisions of law relating to the tax credits allocated under the Missouri Empowerment Scholarship Accounts Program.

MISSOURI COURSE ACCESS AND VIRTUAL SCHOOL PROGRAM (Section 161.670)

Under this act, the average daily attendance of a student who is enrolled full-time in the Missouri Course Access and Virtual School Program shall be calculated by dividing the total number of hours attended in a term by enrolled pupils between the ages of five and 21 years old by the actual number of hours that the program was in session in that term. Such calculation shall be generated by the virtual provider and provided to the host district for submission to the Department of Elementary and Secondary Education. Full-time virtual school students may complete their instructional activities during any hour of the day and during any day of the week. The hours attended for each enrolled pupil shall be documented by the pupil's weekly progress in the educational program according to a process determined by the virtual program and published annually in the virtual program's enrollment handbook or policy. The full-time equivalent average daily attendance of summer school students shall be added to the average daily attendance of the following school term.

Host districts that enroll one or more full-time virtual school students shall receive an amount of state aid specified in the act for such students on a monthly basis.

The act provides that students who reside in Missouri may enroll in the virtual program of their choice. Provisions of current law regarding a school district's approval of a student's request to enroll in a virtual program shall not apply to full-time virtual program enrollment.

The act requires host districts to adopt student enrollment policies for full-time virtual students and allows virtual schools to mutually agree with resident and host districts on the services that the resident district might offer, including possible financial reimbursements for those services. For students with disabilities, the enrollment policy shall ensure the development of an individualized education program and related services agreement, as necessary.

The act requires a student's parent or guardian, if the student is not considered homeless, to apply for enrollment directly with the full-time virtual program.

The act specifies that student progress reports to the school district are necessary only for part-time virtual school program enrollees.

A host district may contract with a provider to perform any required services involved with delivering a full-time virtual education.

A full-time virtual school shall provide regular student progress reports to parents or guardians at least four times per school year.

This provision is substantially similar to a provision in SS#2/SCS/SB 727 (2024) and is similar to SB 780 (2024), SB 1375 (2024), SB 545 (2023), and HB 827 (2023).

SPONSOR: Christofanelli

HANDLER: Koenig

The act defines a "Family Paced Education school" or "FPE school" as a school that enrolls any student who participates in the Missouri Empowerment Scholarship Accounts Program and that satisfies certain other criteria relating to instruction. The current definition of "home school" is modified by specifying that a home school shall not enroll any student who participates in such Program, and a home school is not an FPE school.

These provisions are substantially similar to provisions in SS#2/SCS/SB 727 (2024).

TEACHER CERTIFICATION (Section 168.021)

Current law requires candidates for a teaching license to satisfy certain criteria, including obtaining the recommendation of a state-approved, baccalaureate-level teacher preparation program.

Under this act, the Department of Elementary and Secondary Education shall develop an eighteen hour, online teacher preparation program related to subjects appropriate for teachers in different content areas determined by the Department. The Department may contract with an entity skilled in developing online teacher preparation programs or a charitable organization registered in Missouri to develop and maintain the online teacher preparation program. Such entity or charitable organization shall be certified to develop and maintain the program by the Department. An individual with a bachelor's degree may complete the online training program and receive a certificate of license to teach. Such certificate shall not be accepted by Missouri public schools, and non-public schools shall not be required to accept the certificate.

This provision is similar to a provision in SS#2/SCS/SB 727 (2024), SB 1394 (2024), and a provision in SS/HB 827 (2023).

WEAPONS OFFENSES IN SCHOOLS (Section 571.010)

The act adds a definition of "school" to provisions of law relating to weapons offenses. The definition specifies that for these provisions of law, "school" shall mean a charter school, a private school, or a public school, as such terms are defined in current law.

FOUR-DAY SCHOOL WEEK (SECTION 1)

The act exempts certain school districts from any state law that would require a school district to conduct an election of the voters of the school district in order to adopt a four-day school week.
